Fire Safety

half-day course

Fire Safety courses last three hours and are suitable for staff training on your own premises. We also run courses open to individuals at our training centre.

Fire Safety training covers fire prevention, evacuation procedures and some practical fire fighting skills. Also included is a fire extinguisher practice session.

The Fire Safety Order 2005 requires employers to carry out fire safety training for staff.

All teaching materials, including fire extinguishers, are provided by us. A certificate of attendance is awarded to each candidate.

Sample Programme

1. Introduction to fire safety
2. Fire precautions and fire prevention.
3. Introduction to legislation
4. Actions upon discovering a fire and hearing alarm
5. Duties and role of Fire Marshals
6. Choosing the correct type of extinguisher
7. Fire extinguisher practice session

£105.00 per person at our training centre.

See dates below.

£550.00 for a group of up to 12 persons on your site.
