Online Learning

Our Level 3 AET course is available through our online learning portal so you can work at a pace that suits you, with the freedom to study from any location

The online learning portal is available 24/7 and has been developed by our team of expert teachers and tutors to help you achieve success. It has a whole a range of video lessons, learning materials, templates and guides which are designed to help you gain your qualification and extend your skills.

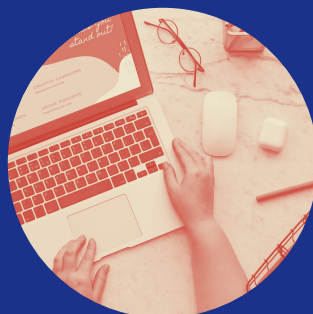

You'll also be allocated a named tutor from our team, who will be your guide and support for that personal touch.

Group Training

We can provide the Level 3 AET as a 4-day onsite course for a group at your workplace. This can be at dates and times to suit your organisation. Our expert tutors will visit and provide expert face to face tuition. This onsite training is not only cost effective, but it also gives you the freedom to choose when and where the course takes place.

Our onsite group training offers flexibility, allowing you the freedom to choose the date and time that suits you best. This allows us to train staff, volunteers and contractors while avoiding disruption to the workplace.

There's nothing to beat great tuition in a face to face setting, where your team are learning from an expert.

ASSESSMENT

You'll be allocated a named tutor from our team, who will be your guide and support for that personal touch. They will be your assessor - so there's no need to find your own qualified assessor or witness, we handle everything.

Before you start anything you'll be invited to have a one to one talk with your tutor to set you off on the right track. First you'll complete the theory section. For this you'll need to answer a series of straightforward questions on our portal, which has video lessons and guides for you.

Then comes the practical part where you plan and carry out a short sample lesson, known as 'microteaching' (15 min) . Again you'll be supported by your tutor who will provide guidance and feedback to help you.
